Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for Sewer System Repairs in Rockville, Maryland in Fiscal Year 2027. The entity to receive funding for this project is the City of Rockville, located at 111 Maryland Ave, Rockville, MD 20850. The funding will facilitate the rehabilitation of 3.89 miles of failing wastewater infrastructure in the city. This project is an appropriate use of taxpayer funds because it utilizes cost-effective lining technology to extend the life of critical wastewater infrastructure at a fraction of the cost of traditional excavation and replacement. By proactively rehabilitating nearly 4 miles of failing pipes, the city will mitigate the risk of catastrophic system failures and expensive emergency repairs that would otherwise burden local and federal budgets.

The project has a federal nexus because the funding provided is for purposes authorized by Section 603(c)(1) of the Clean Water Act.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Very truly yours,

Jamie Raskin
Member of Congress
