Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for an Energy Efficiency Retrofit for Under-Resourced Buildings in fiscal year 2025. The entity to receive funding for this project is the Montgomery County, located at 101 Monroe Street, Rockville, MD 20850. The funding would be used to improve whole-building energy efficiency and replace fossil fuel heating, water heating, and cooking equipment in up to 10 large, under-resourced multifamily properties. The project is an appropriate use of taxpayer funds because it will address a barrier to the completion of efficient, modernizing energy upgrades in multifamily and affordable housing, connecting residents to the public health benefits of enhanced indoor air quality and reducing energy cost burdens.

The project has a Federal nexus because the funding provided is consistent with purposes authorized in 42 U.S.C.5305(a)(1), 5305(a)(2), 5305(a)(4), and/or 5305(a)(5).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Very truly yours,

Jamie Raskin
Member of Congress
