

Congress of the United States
House of Representatives
Washington, DC 20515-3006

May 3, 2024

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Wheaton Branch Flood Mitigation in fiscal year 2025. The entity to receive funding for this project is Montgomery County, located at 101 Monroe Street, Rockville, MD 20850. The funding would be used to reduce the risk of flooding of five homes, six additional residential properties, and Dennis Avenue, a major thoroughfare with an average daily traffic of 14,000 vehicles. The project is an appropriate use of taxpayer funds because repeated flooding affecting the area causes significant traffic delays and affects access to nearby medical facilities.

The project has a Federal nexus because the funding provided is for purposes authorized by section 203 of the Stafford Act (42 U.S.C. 5133), as amended by Section 1234, National Public Infrastructure Pre-Disaster Hazard Mitigation, of the Disaster Recovery Reform Act (DRRA) of 2018.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Very truly yours,

Member of Congress
